- RCT

Create and establish process workflows including the implementation of a new practice management system.

Provide a strong input into key strategies for the business including assisting with pricing models, business growth, recruitment and marketing.

Help create and build a motivating, inspiring and enjoyable working environment and culture.

QUALIFICATIONS AND EXPERIENCE

Qualified Accountant with 3-5 years PQE.

Strong experience in servicing accountancy and tax needs of SME's including the preparation and submission of financial statements, personal and business tax returns, CRO returns etc.

Familiarity with cloud based accountancy software.

Experience in managing teams.

Exposure to UK returns an advantage but not a necessity.

KEY CHARACTERISTICS

An excellent communicator, both verbally and in writing.

A passion for learning with an interest in the technology disrupting the accounting profession.

Motivated and a motivator.

Always thinking of a better way to do things, and not just doing it because this is the way it was done before.

Willing to assist in all areas of the business given that this is an expanding practice.

Above all - honest, trustworthy and reliable.

WHAT WE OFFER

Competitive salary and package.

Flexible working conditions and hours with strong emphasis on individual health and well-being.

Excellent career development opportunities as part of an expanding firm.
